Upholstered Furniture Specification Sheet- Sofa

Selection Criteria/Justification – Upholstered Furniture

1. Planned Criteria

a. User Needs (state their specific needs here):

The user will need a place of relaxation from their office work so a sofa will be used as the spot.

b. Design Intent (state justification):

This was chosen because it a comfortable, modular seating arrangement for the client. They can relax in their office with the chair and bench without having to worry about being around other people.

2. Design

Seating with soul. With the comfort and character of bespoke furniture, yet all of the accessibility and efficiency of a pre-existing system, Sistema embodies the soul of the new work seating: a place where anything is possible; a style to fall in love with
